## JETT A SCAPEGOAT ON A MURDER CHARGE

Somebody Has to Die, His Attorney Declares.

Lawyer Called Down—Destructive Fire at Salt Lick, Kentucky.

HE FELL EIGHT STORIES

JETT'S ATTORNEY CALLED DOWN.

Cynthiana, Sept. 22—The trial of Curtis Jett was resumed at 9 o'clock this morning with prospects of reaching a verdict late in the day. Attorney Blanton is now arguing for Jett. He declares a sacrifice has been demanded. He says the commonwealth from Beckham to Byrd is determined that the defendant must die, and was called down by the judge.

### MIRACULOUS ESCAPE.

New York, Sept. 22—After falling from the eighth floor of a building in course of erection at 20 West Eighteenth street, a distance of about eighty feet, and turning three somersaults in his descent, John Heiser an iron worker, escaped with a laceration of two fingers.

### ACCIDENT AT HENDERSON.

Henderson, Sept. 22—An accident at the Henderson Mining and Mfg. Co's plant resulted today in \$1,500 damage to plant. The engine used for hoisting became unmanageable and one of the cages was thrown violently through the top of the tippie. No one was hurt.

### FIRE AT SALT LICK.

Owingsville, Ky., Sept. 22—Fire at Salt Lick, this county, last night destroyed J. W. Fell's large store house, and three residences, entailing a loss of \$15,000. Four weeks ago Fell suffered a loss of \$25,000 by his mill and warehouse being destroyed by incendiaries.

### CHILD BURNED TO DEATH.

Evansville, Ind., Sept. 22—While playing on a pile of straw today, the child of Dock Bowles was burned to death. The baby had a match and lighted it. Before assistance reached it, it was burned to death.

## A FARMER SUICIDES

H. H. Witty Shoots Himself Near Bandana Today.

No Details Given—His Son Notified of the Deed This Afternoon.

WAS ABOUT 6 YEARS OLD

News of a suicide near Bandana, Ballard county, reached the city this afternoon, but no details were given. According to the message received by The Sun Mr. H. H. Witty a well known farmer of near Bandana, killed himself about 11 o'clock this morning by shooting himself with a pistol.

The deceased was about 61 years old, and one of the best known farmers of that section of Ballard county. He has a family and no cause is known for the deed, as he was in good health.

At press time preparations were being made to hold an inquest, at which the facts will be brought out.

### NO APPOINTMENT

SUPERINTENDENT PHILBRICK IS NOW ACTING TRAINMASTER.

There has been no appointment to the office of Roadmaster of the Louisville division of the I. C. yet and Superintendent A. Philbrick is looking after that part of the work himself until a successor to Roadmaster Russell, deceased, can be appointed. It is probable that some man from the northern divisions will be appointed.

FIRE AT WICKLIFFE, KY

### TO BE TRIED IN KENTUCKY.

Louisville, Ky., Sept. 22—Secret Service Agent S. A. Donnell returned to Louisville this morning. He was asked whether or not Tolly and Ray, the two negroes arrested by men of his department recently in Memphis on charges of raising counterfeit bank notes, would be tried first for the murder of Harry Shepherd at Cave City.

Mr. Donnell said he had not heard whether or not this matter had been decided upon, but that it was a subject which would have to be settled by Chief of the Secret Service Wilkie. It is understood that there is a strong probability of the men being tried in this state on the charge of murder before they are arraigned before the United States court.

### THE WOMAN CRAZY.

Nashville, Tenn., Sept. 22 It develops today that John E. Wilson has employed attorneys to prosecute Miss Lula Cunningham, the murderer of his bride, and that the grand jury will be asked to take cognizance of the crime. Miss Cunningham's sister has also employed counsel and will make an effort to have her sister placed in an insane asylum. Miss Cunningham's child will be turned over to a local Catholic school.

### CAIRO'S MAYOR ARRAIGNED.

Cairo, Ill., Sept. 22—The trial of Mayor Claude Winter, charged with violating the state law, in regard to licensing houses of ill fame, was continued until October 6, when it will be tried by Judge W. S. Dewey without a jury. W. A. Spann of Vienna is assisting state's Attorney Wilson in the prosecution and L. O. Whitney of Vienna is assisting Reed Green in the defense.

### CAN PLAY FOOTBALL.

Lexington, Ky., Sept. 22—For the first time in its history the students of the Kentucky University Bible college will be allowed to play football this year. President J. W. McGarvey has always declined to permit his matriculates to play, but such pressure was brought to bear upon him by the university proper that he announced in chapel today that the students may play.

### FORMER CAIROITE DIES.

Cairo, Ill., Sept. 22—Herman Meyers, formerly in the tobacco business in Cairo, but of late years a resident of St. Louis, died in New York yesterday. He had just returned from a trip abroad and was in bad health.

### BIG FIRE AT WICKLIFFE.

Cairo, Ill., Sept. 22—The plant of the Wisconsin Chair company at Wickliffe, Ky., was destroyed by fire. The fire caught in the veneer mill. The loss will exceed \$30,000 and is covered by insurance.

### BIGAMIST ESTERLINE AT LARGE

Cairo, Ill., Sept. 22—W. H. Esterline, the bigamist wanted here, is still at large. The man arrested in Colorado was not Esterline, although he answered his description.

## THE UNDER STUDY.

Atlas—Yes, William, I think you are ready for this now, all right, and I will take a little needed rest.

### BASEBALL GOSSIP.

SEVERAL OTHER PLAYERS LEAVE FOR HOME.

Left Fielder Wallace, of the Cairo K. I. T. league baseball team, passed through the city today at noon en route home to Louisville from Cairo. He was met here by Doyle, Paducah's southpaw pitcher, who had laid over here a day or two. Doyle will go home to Greenville, O., near Cincinnati.

Dave Brown, pitcher of the New Orleans southern league team, passed through the city at noon en route home to Louisville. He is a brother to Henry Brown, who caught a few games here for the Paducah team after Perry left the team.

### VETERANS TO MEET

RAILROADS AND STEAMERS MAKE REDUCED RATES FOR REUNION.

The local camp, Confederate Veterans, will hold a meeting tonight to hear reports from various committees at work on the reunion preparations.

One important report to be made will be that regarding the transportation rates to Paducah during the reunion. The railroads have made a rate of one fare, plus twenty-five cents per round trip, with a minimum fare of 50 cents, while the Evansville and Cairo boats and the St. Louis and Tennessee river lines have made a one fare rate. It is expected that these reductions will contribute a great deal towards the success of the reunion.

WENT TO FRANKFORT. — Attorney William Reed and stenographer Mrs. Manie McManmon, went to Frankfort today at noon to appear for the defense in the case against the N. C. & St. L. road brought by the stage to secure the payment of \$10,000 with the 20 per cent penalty for an organization tax.

### STREET CAR CHANGE

WHY THE COMPANY WANTS TO CHANGE ITS TRACKS.

The matter of selling a franchise for a street car line out North 12th street will come up tomorrow afternoon before the joint street committee of the general council at the city hall. The car tracks now turn out, Bernheim avenue and it is desired to straighten the track out the Cairo road to Rowlandtown.

Some of the people who now live along the line have protested against the change. The street car officials claim that they cannot understand why there should be any objection. No one along the present line would have to walk over one block further, should the route be changed, while by the change a much larger number of people would be benefitted. In addition the present tracks pass along considerable property that belongs to minors, and probably cannot be developed for several years, or until they become of age, while that along the proposed route would likely be greatly developed should the car lines pass through it.

### OFFICIAL HERE

ASSISTANT SUPERINTENDENT PARSONS IN PADUCAH TODAY.

Assistant Superintendent of Telegraph of the Illinois Central Parsons, of Chicago, arrived in the city this morning on a tour of inspection, and found matters in this section in good condition. The Illinois Central service is one of the most complete in the country and its long distance telephone enables it to transact a great deal more business than formerly.

NEW BANK AT HAZEL—Capital stock to the amount of \$15,000 has been subscribed for the establishment of the bank of Hazel at the little town of Hazel near the Henry county line in Calloway county.

## HIGH PRICES FOR COAL

The Outlook is For Continued Soaring.

Railroads Cannot Handle the Output of the Mines at Present.

ANOTHER RAISE IS EXPECTED

The price of coal this winter is something that the people in Paducah have not worried over thus far, but they will be worrying over it before very long if reports are true.

The present price in Paducah is 13 and 14 cents a bushel with a prospective increase of another cent October 1. The price now paid is about as much as the people here have had to pay during the coldest part of the winter heretofore. There is apparently no prospect of relief.

Loud complaints are going up from many other cities. Even St. Louis, with coal at her door, is paying 15 cents, while they are raising a howl at Evansville because they have to pay ten cents a bushel. Ten cents here would seem like getting it for nothing considering what the people have to pay.

In Paducah there is no reason for the present price of coal, except that the mines can charge the price and get it, and are doing it. It is said that the miner does not get any of the profits, and neither do the railroads. The demand for coal is simply so great that it cannot be supplied with the transportation facilities, and as a result the price soars.

A local coal dealer stated today that another raise of one cent a bushel would probably go into effect October 1, as no dealers can get any coal at present for October delivery. Later on when the weather is cold, there will be another lift. Said one dealer today:

"One of the big officials of our company was here the other day, and I asked him why the price of coal was so high. He took out a book he carried in his pocket and showed me the output of the mines for every day the past four months. He also pointed to the number of cars furnished by the railroads, and there were not enough furnished in any week, on an average, to move three days' output. In other words, the number of cars furnished could move only three days' output in one week, leaving three days' work that there was no way to handle. He said the result to mine owners was, that running the mines all the time with the men to pay and the operating expenses to meet, and no way to get a large part of their coal on the market, they simply had to fix the price of the coal they can handle at a figure that would enable them to defray the costs of running. And they can get it because the shorter the supply the greater the demand, the more people will pay for coal to get it.

"The official said further that there was no relief in sight for the entire winter. He said that he had just been to consult with the traffic manager of one of the big railroads and was told by him that the company did not have the cars, did not have the motive power even if it had the cars, and there is no way to secure either cars or additional motive power, as every car possibly is being built every day in the year. In addition, there are not enough switches along the railroads to handle the amount of business they could get, if they had the cars and power to handle it. The result is that there will be insufficient cars to haul coal during the entire winter, and coal will accordingly be high."

The people of Paducah can thus see that they will have to pay two prices for coal this winter. Much coal could probably be brought here by river, but it seems the mine owners all charge the same prices, and competition appears to be something they never think of.

Miss Hattie Curd has recovered from her recent attack of appendicitis sufficiently to sit up. Her many friends will be pleased to learn of her recovery.

## ALL ABOUT POLITICS

Meeting of Republicans to Be Held This Evening.

A Large Crowd Is Expected—Republican Campaign in the State Opens.

NEWS OF THE PARTIES

The Republican city committee and all other Republicans who desire to attend, will hold a meeting at The Sun office this evening for the purpose of discussing the municipal ticket, and for making out a list of good men from which to make nominations at the mass convention Thursday afternoon at the city hall.

All Republicans are invited to attend the meeting and discuss the matters to come up. No "elate" will be made. Men suitable for the offices will be picked out and presented to the convention Thursday and there will in some instances be several in various wards for various nominations, to select from. The offices to be discussed this evening will be only for councilmen, aldermen and school trustees.

There is unusual interest taken in the convention this year because of the certainty of the Republicans winning in Paducah, and for that reason no "elate" is possible. The various men who have the most friends in the convention when it comes off will win the nominations. The result of the convention is consequently very uncertain, as the various candidates, especially for mayor, will each try to secure the nomination, which insures a big crowd and lively interest.

The Republican campaign is now well under way. From now on until the final day in November when the results are tallied, speeches will be made by the Republican candidates and other orators in every county in the state.

The program of speeches yesterday was as follows:

W. C. Owens at Somerset.  
J. R. Hindman at Owensboro.  
J. C. Speight at Princeton.  
It is planned by the Republican campaign managers to have at least one big rally in the county seat of every county in the state.  
Col. Balknap, nominee for Governor, will not make any speeches until Thursday, when he speaks at the Kentucky state fair at Owensboro.  
No time has yet been set for hearing the contest of Mr. J. Henry Smith for the Democratic nomination for city treasurer. It is understood the city committee will take up the contest as soon as possible.

## Pretty Necklace Effect.

The Bayadere necklaces, which consist of ropes of colored or jet beads finished in front with coquettish little tassels, are quite "the thing" for evening gowns. As a finish for an otherwise plain evening gown they are unequalled.

## THE COUNCIL MEETS

### The Question of Voting on Bond Issue Comes up.

The Mayor Reports Signature of Forty-five Ordinances—Mr. Terrell's Check.

## PROCEEDINGS OF THE MEETING

The council met in regular session last night with Councilmen Neihans and Hannan absent.

The action of the mayor in signing 45 ordinances was reported and ratified.

The report of the committee recommending that the city pay \$76 for street improvements on 19th between Court and Washington streets, was received, filed and concurred in.

The appraisers filed a report appraising property on Husbands street at \$100. The property is located between Third and Fourth streets and the owner is unknown. It will be used for street improvements.

The payment of \$1,150 to Mr. George Bernhard for property on West Broadway to be used in opening Fountain avenue, was authorized.

A request from mail carriers and express companies to have all houses in the city numbered and to correct several mistakes in numbering, was filed. The city engineer is now working on this matter.

The power of attorney furnished the local agent by the bond company which made Contractor Terrell's bond was ordered returned for correction, it having inadvertently been dated a day after than the agent's signature. The \$500 check put up to insure good faith in the last bid will be returned to Contractor Terrell when the bond is regularly signed.

The matter of returning Mr. Terrell his \$500 check which had once been declared forfeited on account of his refusal to sign the First street improvement contract, was taken up and the board voted to return the check, Councilmen Johnson and Fowler voting to retain it.

The matter of making repairs about the city hall was referred to a committee with power to act.

The matter of paving Broadway to Sixth street was brought up and on recommendation of Mayor Yeiser an ordinance providing for this work was ordered drawn.

The finance report was read and filed. It showed accounts amounting to \$6,114.22 which were allowed.

Back Tax Collector Wm. Patterson reported the collection of \$55.25; report received and filed.

The ordinance changing the name of Court street to Kentucky avenue was given second reading.

The ordinance providing a \$500 license for itinerant merchants who come here to dispose of damaged stock, was given second passage.

An amendment to the ordinance providing for the extension of sewerage on Tennessee street from an alley between Third and Fourth street, was given second passage.

The ordinance returning to the county the care of Yeiser park, was given second passage.

Several deeds to lots in Oak Grove cemetery were ratified.

The street improvement work on Harrison from 16th street to Bradshaw's line, and on 14th from Broadway to Monroe streets, was accepted.

The report of the milk and meat inspector, Dr. H. H. Duley, was received and filed.

Charles Denker was granted a coffee house license at 93 Husbands street. The license of A. Denker was transferred to W. P. Carter. The license of Robertson and Slack were transferred to Slack, Robertson withdrawing. The license of R. H. Habcock was transferred to Burch and White.

A plan for the improvement of South Tenth street without making the property owners move back fences, the plan being drawn by Engineer Washington, was accepted and the work ordered done under this plan.

The plan appointment of Mr. L. M. Cobb by Assessor Dick as deputy tax assessor was ratified.

The matter of fixing the salary of Mr. George Gardner, who will act as superintendent while the brick streets are being built, was brought up in the motion to fix the salary at \$5 per month first lost, but later on Gardner informed the board that he could not work any longer for that salary was reconsidered and the salary fixed at \$75.

The matter of making a gravel drive way down the levee in order to guard against horses slipping on the stones and breaking their legs, was referred to the city engineer.

The matter of changing the office of Assessor Dick from upstairs in the city hall to the brick building near the city hall, was referred. This motion was made because it is hard on ladies and old citizens to climb the city hall steps in order to reach the assessor's office.

The report that Mr. George C. Wallace had been overassessed \$500 was brought up but tabled, the board having no authority to act.

The matter of giving to the Ohio Valley Improvement association \$100 to help in the work was taken up and the \$100 ordered sent to the association.

An ordinance was ordered drawn fixing the salary of the city treasurer and assistant.

The matter of who shall have the bond issue provision placed on ballots to be voted on in November was brought up. Councilman Hummel wanting the county clerk to do this work while Solicitor Worten wanted the city clerk to act and further stated that it was the city clerk's duty and would be illegal if he did not. He secured law books, as Councilman Hummel seemed to doubt his authority and read the law. The matter had been voted before he read the law directly, however, and will probably be revoked as the solicitor says it will be illegal. Whether the question will be on regular or special ballots will also have to be decided.

The matter of the gas company charging meter rent when a consumer's gas bill amounted to less than 40 cents per month, was brought before the board by Dr. D. G. Murrell who informed the board that he had been "cut out" by the gas company for refusing to pay this rent. It was stated that the courts had decided that the consumer did not have to pay meter rent and the matter was referred to the city solicitor for an opinion. The board then adjourned.

## BRICK STREET

### NOTICES BEING SERVED ON PROPERTY OWNERS.

It is not certain when work will begin on the paved streets, as no material is yet in sight, and there is yet much work to do before the actual work of putting down the paving can begin.

Today Inspector George Gardner is serving notices on property owners as follows:

Dear Sir: You are hereby notified to reconstruct your water and sewer pipes at No. — street, within three days from above date, in accordance with ordinance approved September 14, 1903, or the city will proceed to reconstruct same at the cost of the property owner.

Yours respectfully,

L. A. WASHINGTON,

City Engineer.

Approved: D. A. YEISER, Mayor.

## YES OR NO?

### PADUCAH PEOPLE ARE RESPECTFULLY ASKED TO ANSWER THESE QUESTIONS?

Is there anything in the evidence of one's senses?

Is there anything in the testimony of one's friends?

Can reliance be placed upon the statements from people we know?

Are the opinions of local citizens of any greater moment than those of strangers?

Would you sooner believe people living in some far away place than citizens of your own city?

We think not! For home proof can easily be investigated.

J. B. Roark, of 1027 South Fifth street, says: "I do not want it understood that Doan's Kidney Pills procured at DuBois & Co's drug store, have radically cured me of attacks of backache, but I have been benefited incalculably by the treatment. I never expect to be free from kidney complaint, for I have suffered excruciatingly when the attacks were at their height. I could not stoop without pain; could not straighten after stooping without twinges and often was unable to turn in bed without actual agony. Any remedy which gives the relief that Doan's Kidney Pills have given to me deserves the endorsement of the public."

## "BALDY" IS BACK

### Has Been Looking After Big Land Claim.

A Ninety-nine Year Lease to Much Valuable Property Now Expired.

"Baldy" Watkins, the barber who has been east on business connected with Philadelphia property which represents in the neighborhood of \$150,000,000, stated this morning that he had been deluged with letters from persons all over the globe and had hardly spent a peaceful moment since the fact that he held the deed to the property became generally known.

"I did not want the papers to get hold of it yet awhile," he explained, "because I wanted to work out my plans thoroughly before it had been announced that I held any claim. You see I have held the original deed to the property for more than 19 years and at the time it came into my possession there were that number of years' lease time to expire. Last year when the lease ran out I made public my holdings and set about to secure the property. I have been at Washington most of the time since leaving Paducah nine months ago, and have my claims in the hands of the government. The property was never conveyed but simply leased and surveyors who are at work for me tell me that the property is worth at least \$150,000,000. I have been offered a compromise by an English syndicate operating branch offices in Boston but cannot get my figures. If it is necessary to carry my claims to the courts, I will have it taken directly to the U. S. supreme court where I am satisfied I will receive justice."

Mr. Watkins' holdings represent twenty-two acres of property in the business heart of Philadelphia and when the lease ran out last year he went east to claim his property.

Many complications had arisen in the meantime which made it hard for him to establish his claim but he says it is now recognized and he is pushing it for all he is worth.

## CAR AND WAGON

### MARSHALL COUNTY MAN HURT IN A COLLISION LAST EVENING.

Orit McCain's horses became frightened last evening about 6 o'clock near Sixth and Husbands streets and backed into a street car, wrecking the vehicle and painfully injuring McCain about the head and legs. The wagon was turned over and the occupants thrown out but fortunately none of them was seriously hurt. McCain lives in Marshall county and was on his way home when the accident happened. One of the boys was slightly hurt on the arm. Drs. Robertson and Hoyer attended them.

## NEW STREET CAR SCHEDULE.

Night schedule for the street cars hereafter is as follows: Cars will leave Broadway and First streets for Dossett's station on the Broadway line and for the Trimble street division at 10, 10:30 and 11 p. m., and Fourth and Broadway for Union station at the same hours. The Jackson street and north end division of the Rowlandtown line cars will stop, however, promptly at 10.

Patrons please note.

## MUCH IMPROVED

### DR. H. H. POORE HERE ATTENDING HIS NEPHEW.

Dr. H. H. Poore, of Pembroke, Ky., has arrived to attend his nephew, Dick Poore, who was cut Sunday night. The young man is today much improved, and his uncle will remain with him until he is entirely out of danger.

Young Poore comes from a good family and has had the training of a good mother, who is much distressed over his present trouble. It is believed he will recover.

R. H. Foster, 318 South 2d St., Salt Lake City, writes: "I have been bothered with dyspepsia or indigestion for 21 years; tried many doctors without relief; recently I got a bottle of Herbine. One bottle cured me, I am now tapering off on the second. I have recommended it to my friends; it is curing them, too." 50c at DuBois, Kolb and Co.

## THE THIEF AND THE BOY.

Find a Third Man.

A Boy sat weeping upon the side of a well. A Thief, happening to come by just at the same time, asked him why he wept. The Boy sighing and sobbing, showed a bit of cord, and said that a silver tankard had come off from it, and was now at the bottom of the well. The Thief pulled off his clothes and went down into the well, meaning to keep the tankard for himself. Having groped about for some time without finding it, he came up again, and found not only the Boy gone but his own clothes also, the dissembling rogue having made off with them.

MORAL.—However justice may be but little practiced and pursued by particular men, in the common course of their actions, yet every one readily agrees that it ought to be kept up and enforced by the several penal laws in respect to the public in general.

## THE CARNIVAL

More Work to be Assigned Committees Tonight.

Miss May Davis Leads in the Princess Contest.

The various committees appointed by the Red Men's Amusement association will hold a meeting this evening for the purpose of assigning more work to various members.

Reports from everywhere show that the carnival company is doing a big business everywhere and pleasing everybody.

The vote in the princess contest is as follows:

Miss Mae Davis	125
Miss Bertha Hill	103
Miss Jessie Rooks	92
Miss Louise Detzel	82
Miss Florence Yeiser	74
Miss Nancye Baker	70

Miss Ethyle Bailey	1

## BIG BEQUESTS

SOME OF THE LIBERAL DONATIONS MADE BY JEWS.

New York, Sept. 22.—Donations and bequests aggregating \$2,500,000 for charitable and educational purposes were made by Jews in the United States during the twelve months ending August 25. Elias Jacob, of Tulare county, Cal., gave the largest sum—\$915,000, a trust fund for the benefit of university graduates, who shall select twenty acres of Mr. Jacob's Tulare county property and there form a settlement.

Congressman S. R. Guggenheim gave \$50,000 to the Montfibre Home for Chronic Invalids. Children of Leonard Lewisohn gave \$50,000 to the Hebrew Sheltering Guardian society, with a promise of \$75,000 conditionally.

Mr. and Mrs. Frederick Looser, of Brooklyn, gave \$10,000 to the Brooklyn Institute of Arts, and Mortimer L. Schiff \$25,000 to the Educational alliance. Henry Siegel gave \$20,000 to the Stony Wold sanitarium.

## PADUCAH PREACHER

A Large Crowd Hears Rev. Wulfman.

Spoke on Foreign Missions in Louisville Church Sunday.

"Harvest Home" services were held at St. Luke's church Sunday afternoon, with preaching by the Rev. B. Wulfman, of Paducah, says Monday's Louisville Herald. The church was tastefully decorated with the "fruits of the land," impressively indicating the blessings with which man is surrounded.

In the evening the Rev. Mr. Wulfman preached upon foreign missions, taking as his text, "The Macedonian Cry," which, he said, yet comes from every quarter of the earth where heathenism exists.

The minister said the way to improve missionary work was to constantly and continually rise the standard of men engaged in the work, and to exercise the Christian spirit of benevolence and liberality. Saving the heathen could not be done by a proclamation, as the slaves were freed, not by force of arms, nor by prayer and song, but by money with which to carry to them the Gospel of Jesus Christ.

The congregation of St. Luke's church meets Sunday, October 4, to elect a new pastor. The Rev. Mr. Wulfman is a candidate for the pastorate. The term of the Rev. C. M. Christiansen expires November 26, when he will go to Evansville to take charge of St. Luke's church.

## LETTER TO ROOSEVELT.

CHICAGO FEDERATION OF LABOR ADDRESSES HIM.

Chicago, Sept. 22.—President Roosevelt has been voted by the Chicago Federation of Labor 9,000-word letter of advice, in which fault is found with the President's attitude on the question of open shops. The letter was prompted by the decision in the Miller case, in which the President said that Miller or any other man must not be discharged from the Government Printing office on account of non-membership in union.

"Deliciously unaware of the hypocrisy of the world of finance," "Honest and humane, but uninformed," were some of the clauses used to describe the President in the long letter of the open shop committee. The President was told that he fell into error in his view of the question "because of that impetuosity for which we love you." A copy of this communication will be forwarded to Oyster Bay at once under date of Labor Day, September 7.

The reading of the letter before the Federation meeting today occupied over an hour, and excited applause from the crowd of delegates.

## SCHOOL NEWS

Important Meeting of Principals Friday.

The Matter of Having Musical Program in High School Undecided.

The principals of the different schools will meet Friday afternoon to outline a program for the season's work in literature and history, the course adopted last week for the teachers' literary association.

The program for the entire year will be made out and each teacher assigned a subject for discussion. Last year a program was arranged for the entire year and every teacher came to the monthly meetings fully prepared, having known from the program just what was expected. It is thought the course adopted this season will be much better than that of last year and the teachers have gone into the work with much interest and think the work will be successful in every particular.

It is undecided whether the High school will continue the musical program given monthly last year or not, but there will be entertainments given monthly for several during the course of the season for the benefit of the library. In this way the library will be steadily enlarged. Already it is very near complete and is a source of much pride to the teachers and pupils.

## RIVER MEETING

PADUCAH WILL SEND DELEGATIONS TO THEM BOTH.

The council last night donated \$100 to the Ohio Valley Improvement association, which will hold its annual convention at Evansville next month. Quite a delegation will doubtless attend from Paducah. Captain S. A. Fowler expects to attend it and also the Tennessee River Improvement association meeting at Chattanooga the 22d of October. It is not certain that any one else will attend this convention from Paducah, but quite a number from present indications will attend the Ohio Valley meeting at Evansville.

Many interesting subjects will come up at the Evansville meeting, and the largest convention in the history of the association is expected.

## PREACHER NOMINATED

FOR REPRESENTATIVE FROM MARSHALL AND LYON.

The Democratic convention to nominate a candidate for representative from those two counties was held yesterday afternoon at Kuttawa, and Rev. J. W. Oliver, of Lyon county, a Baptist preacher, was nominated. J. B. Wyatt of Marshall county, is the present representative and was a candidate for the nomination. J. H. Vinson was also a candidate. The contested delegation from Marshall county was divided and half of each faction seated.

## A HEARTLESS PROCEEDING.

The action of Judge Robbins in refusing to allow Caleb Powers an appeal unless he pays for a transcript of the record, which will cost about \$800, is all right if he knows that Powers has the money with which to pay, but it is a heartless proceeding if he has not the money, whether Judge Robbins knows the fact or not. It is equivalent to saying to a man that he shall be hanged because he is poor.

## DEVoured BY WORMS.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. 25c at DuBois, Kolb and Co.

## BANKERS OF KENTUCKY.

INVITED BY EXHIBIT ASSOCIATION TO HOLD THE 1904 MEETING AT KENTUCKY BUILDING ON WORLDS' FAIR GROUNDS.

During the eleventh annual meeting of the Kentucky Bankers' association held at Hopkinsville last week, an invitation was extended to the organization by the Kentucky Exhibit association, through its secretary, to hold the meeting next year in the Kentucky State Building at the World's Fair in St. Louis.

As the next place of meeting is always settled by the executive committee the invitation was referred to it. The sentiment of the bankers present favored the acceptance of the invitation by the committee, so the next meeting of Kentucky's heads of financial institutions will most likely be held at the exposition grounds in the Monnd City.

The Kentucky Bankers' association was the first organization in the state to endorse the movement inaugurated by the Kentucky exhibit association, looking to the erection of a Kentucky Building and full display of the state's products and resources at the great World's Fair in 1904.

The railroad rates in effect during the World's Fair will be so low from Kentucky points that the trip can be made cheaper to St. Louis than to any city or town in the state where the 1904 meeting might be held. The visit to St. Louis will also have many inducements to offer, for everyone wants to see the exposition. There is hardly any doubt about the attendance being the largest in the history of the association on this account.

## PIRATE PLUNDER.

BELIEVED TO HAVE BEEN LOCATED AFTER MANY YEARS.

Austin, Tex., Sept. 22.—Martin Ledder, who has been a member of the United States dredge boat crew employed in deepening the channel in Galveston bay under Capt. George Nelson, is visiting here and tells an interesting story of the discovery of strong evidences that the famous pirate treasure which was hidden by Lafitte, the pirate chief, lies at the bottom of Galveston bay instead of being buried on Galveston Island, as has been long supposed. He says that the dredge boat George Sealy has been pumping up old Spanish coins and other rare relics of ancient times from the bottom of the bay for several days past, and that the boat crew believed that the bulk of the treasure, which is said to amount to hundreds of thousands of dollars in gold, which will be recovered. In addition to the coins several hundred pounds of copper bolts have been pumped up from the same locality. These bolts were used in the construction of ancient sea-going craft. The latest date on the coins is 1812. Huge stones have also been encountered in the bottom of the bay and it is thought that they were placed there by Lafitte to mark the location of the sunken treasure. A rusty shell of ancient type has been recovered in the same manner. Lafitte and his crew of pirates lived on Galveston island from 1816 until about 1825.

# FREE FACE BLEACH FOR COMPLEXION

I WILL SEND FREE TRIAL BOTTLE OF MY FACE BLEACH TO ANY LADY SENDING NAME AND ADDRESS.

MME. A. RUPPERT, 6 E 14TH ST., New York City

## How to Obtain a Lovely COMPLEXION Clear and Beautiful

It is every woman's duty to be as youthful and good looking as possible, and there is nothing which adds more beauty than a lovely complexion, and there is no remedy which will restore the complexion and give one that youthful appearance like Mme. A. Ruppert's World Renowned Face Bleach. This grand remedy clears the skin of every discoloration, and impurity, including pimples, freckles, moth patches, brown spots, liver marks, comedones, flesh-worms, blackheads, oiliness, sallowness, muddiness and skin diseases. It accomplishes these wonderful effects by drawing the impurities and discolorations to the surface of the skin and then removing these blemishes by gradually scaling off a slight surface of the outer scarf skin. It does this in so natural a manner as to be entirely harmless to the most delicate complexion, and, having this action, it cannot fail to produce excellent effects.

Most marvelous results are obtained when Face Bleach is used according to my new Special Directions in conjunction with my Egyptian Balm, which nourishes and feeds the tissues and glands of the skin, and adds the finishing touch which refines, purifies and preserves the skin in its pristine splendor, giving it the glow of youth.

Now, in order that every lady reader of this paper may obtain the highest possible effect from the use of my preparations, I will make the following stupendous offer to all callers at the below address. A bottle of my Face Bleach, a trial jar of my Egyptian Balm, a bar of my most exquisite Almond Oil Complexion Soap, my New Special Directions, my book, "How to BE BEAUTIFUL"—all for \$2. The price of Face Bleach alone is \$2 per bottle, hence you receive articles absolutely free.

## INEXCUSABLE

### MISMANAGEMENT.

The streets in Paducah that are not paved could be made much prettier and more substantial if the city only exerted an effort to have them so. It is recognized among all authorities on streets that one of the most modern and successful methods of building good gravel thoroughfares is by rolling the gravel after it is put down.

## CONSTITUTIONAL AMENDMENT

Noted On at the November Election.

## ARTER 50.

An act to provide for an amendment to Section 181 of the Constitution of Kentucky.

"The General Assembly may, by general laws only, authorize CITIES OR TOWNS OF ANY CLASS to provide for taxation for municipal purposes, on personal property, tangible and intangible, based on income, licenses or franchises, in lieu of an ad valorem tax thereon;

"Provided, cities of the first class shall not be authorized to omit the imposition of an ad valorem tax on such property as any steam railroad, street railway, ferry, bridge, gas, heating, telephone, telegraph, or electric power company

ing the gravel after it is put down. In Paducah the gravel is dumped anywhere on the streets and allowed to roll itself, spread wherever it can, or in whichever direction the feet of horses or the wheels of wagons scatter it, or to wash away as mud or blow away as dust. This is the way streets are built and repaired in Paducah, and there is no earthly excuse for it.

It is frequently asked, "Why isn't the steam roller used?"

No one seems to know. If you ask the city engineer or street inspector, you are told to ask the mayor. If you ask the mayor, he of course does not know, except that the boards have never ordered the roller used.

As a matter of fact many a load of gravel is virtually thrown away in Paducah, and the money paid for it out of the public funds wasted, by the adherence to an antiquated and useless method of street repairing. When a street is repaired it should be torn up, harrowed and after the new gravel has been placed on it, smoothed, and rolled with the steam roller. This would make the thoroughfare level, hard, compact and lasting, and would if done right, as such street work was done under the Republican council, last many times the length of time the streets now last.

What becomes of the street roller has always been a great mystery in Paducah. It has been dumped into holes, partially burned, almost blown up, and run into the river and at times left out on the commons to rust, since the Democrats took charge of it six or seven years ago. Yet it is a good machine today, and if run would save the taxpayers thousands of dollars a year.

While no one professes to know, this may be the very reason it is not used. If the steam roller were used it would greatly reduce the necessity for gravel, and consequently cut down the sales of this useful article. As several thousand dollars are annually spent in Paducah for gravel and all this money goes into some one's pocket, the less gravel sold the less use for having the pull that enables much worthless gravel to be palmed off on the taxpayers of Paducah by the assistance of city officials.

The steam roller could be used and could be used to great profit by the city. Mayor Lang soon realized it after he went into office. The Democrats used as a campaign issue against the Republicans several years ago, the construction of the sanitary sewerage and the purchase of the steam roller. They raised a big hurrah over both, and Mayor Lang rode into office partly on a wave of prejudice created in the Democratic campaign. Yet he hadn't been in office but a few months until he realized what a great thing for Paducah the sanitary sewerage was, and that it was the only system of sewerage possible in a level river city like Paducah, and was also forced to admit that the street roller was one of the best things a city can own and use. He laughs now about the unreasonable prejudice he formerly held against the two souvenirs of the Republican administration. There are a lot of men in Paducah who need to acquaint themselves with the real facts in a case and be converted over to the truth like former Mayor Lang was.

The present city engineer frankly admits that the street roller is an excellent machine, and could be used to great profit in Paducah. It would make prettier and better streets, and the cost of running it would be much more than made up in the saving of money now paid out for the back work known as street repairs. Why it is not operated, however, is something that no one seems to understand. It certainly ought to be. The manner in which street repairs are made in Paducah and the amount of money thrown away—from \$15,000 to \$25,000 a year—is shameful and inexcusable, and the people should call a halt. They can't do it by putting back into office the same men who have utterly failed in the past to properly safeguard the people's interests.

## THE PEANUT VARIETY.

The personalities into which the Democrats have drifted shows more plainly than anything else that they realize the futility of their cause.

The Lexington Leader says:

"In cheap play for the applause of the low-browed element of his audience in his speech at Georgetown, Gov. Beckham with a burst of sophomoric bitterness that would do credit to any high school pupil in the state, flung this bolt at Maj. W. C. Owens: 'That all the people of Kentucky may know him as the man who sold the city of Paducah to the Democrats for a few years ago, and who has since then been busy trying to get the city back again.'"

man whom William Goebel accurately described, and as you well know him to be, the most notorious and conscienceless blackleg in the state."

"While Mr. Beckham's play was of the 'ten, twenty and thirty' variety, we heartily commend the Governor's rare selective intelligence in the choice of his authority on 'blacklegs.' If the man who shot John Sanford to death, stole his nomination for Governor at the infamous Music Hall convention, and on being defeated at the polls and repudiated by the people, then stole the office of the entire state government by system of robbery as bold as ever crossed the wildest dreams of Robin Hood, and surrounded by as desperate a gang as ever rode to a midnight attack with Jesse James when he did it, is not sufficient authority on 'blacklegism,' and is not an expert on who is 'conscienceless,' then we will have to stagger along without further light on this important subject."

The Democratic papers have started up their mendacity mill early in the campaign, considering the fact that it is over a year until the election of President. They are publishing a report from Chicago in regard to campaign buttons, and say of the buttons: "They are of unique design, representing President Roosevelt and Booker T. Washington enjoying a luncheon together. The single word 'Equality,' in bold letters across the face of the badge, is its most striking characteristic." The probability is, such an absurdity is a lie out of the whole cloth, but if such buttons are really in existence they were made by the Democrats and given around to the ignorant by Democrats solely to hurt the Republican party.

By the expenditure of comparatively a small amount of money, and with very little work, the city officials could contribute much to the convenience of the citizens, as well as that of strangers, by having houses properly numbered and the names of streets placed on the corners so a person can tell where he is. There has long been complaint from the post-office department, express and telegraph companies and others, in regard to the irregular and incorrect numbering of houses, and there is absolutely no way for a stranger to determine what street he is on unless he asks. These matters could be remedied very easily and with little expense, but city officials persistently neglect such things, doubtless deeming them of no consequence.

The Lexington Leader has discovered who is writing Gov. Beckham's speeches. It says: "Since Governor Beckham's rude attack on Maj. William C. Owens in his harangue at Georgetown those who have been in doubt as to who is writing his speeches are inclined to lay the blame on Tom Campbell."

## ALLEGED DESERTER

It is Claimed Lee Thompson Has Been Caught.

U. S. Corporal Goes to Murray—Rations Arrive for Local Company.

Sergeant Hightower, of the local recruiting office, has received notice from Private Walter Ringwaller of the recruiting station in Marion, Ky., saying that Lee Thompson, supposed to be the same man wanted as a deserter who attempted to enlist here several weeks ago, and escaped before he had been identified, was under arrest in Marion. Sergeant Hightower sent the identification papers this morning.

There seems to be no doubt that he is the same man who attempted to enlist here. If convicted of the charge he will be sentenced to two years in a military prison.

Sergeant Hightower who came here as a private has just received his commission as sergeant. The office will probably be closed on next Friday.

Corporal Walter Champlin, who has been here drilling Company I in preparation for the West Point encampment went to Murray this morning to drill the Murray company.

The rations for the local military company arrived this morning. The points will be used in making the trip to Paducah to West Point, where the state encampment will be held.

## Genius and Common Sense.

A French lady has written a most interesting account of a visit to Count Tolstol. She found him under the loving domain of his devoted wife, who made him eat and drink for his bodily good without the slightest regard for his theories of diet. "Men of genius," she remarked to the visitor, "need people of common sense to contradict them occasionally."

## The Real Thing.

He—Did you ever see anything at so-called bargain sales that was really cheap?

She—Yes; the look on a man's face who accompanied his wife to one of them.

## Pleased With His Terms.

## An Object Lesson.

A bachelor one day set the table in his lonely abode with plates for himself and an imaginary wife and five children. He then sat down to dine, and as he helped himself to food he put the same quantity on each of the other plates and surveyed the prospect, at the same time computing the cost. He is still a bachelor.

## A "Bob-tail" Flush.

"Charley, dear," said young Mrs. Torkins, "you shouldn't let your artistic sense worry you so much."

"What do you mean?"

## Condemns Luxury in Dress.

The Roumanian Minister for Public Instruction, Spiru Haret, has addressed a note to all school inspectors in the country complaining of the luxury in dress among female teachers. He directs the inspectors strongly to recommend all teachers to adopt the national costume, the peasants' dress of their special village.

## Unfounded Rumor.

It is understood that Rudyard Kipling is going back to South Africa for another indefinite stay. This seems to be effectively set at rest any wild rumor to the effect that he meant to lecture through Germany on the "Goths and the Huns."

## Great Promises for Electricity.

Prof. Mason of the Smithsonian Institution, says that the most needed achievement of 1903 is the discovery of a satisfactory method of economizing electricity. Some day, he says, in the not distant future the rivers will make all the electricity we want. We shall harness the streams and they will heat every house, run every wheel and light every lamp.

## Honesty Among Chinese.

Honesty is a prevailing virtue among most Chinamen. Some of them, in their native towns and cities, often leave their places of business unguarded while they go off for an hour or more. Should customers arrive in the meantime, they find the prices of goods plainly marked, select what they want, and leave the money for them.

## Recasting Ideas.

There are epochs in the history of the human race when the decayed branches fall from the tree of humanity, and when institutions, grown old and exhausted sink and leave space for fresh institutions, full of sap, which renew the youth and recast the ideas of a people.—Lamartine.

## A Wonderful Transformation.

Three years ago a spot near Philadelphia was covered with cornfields; to-day a \$9,000,000 shipyard stands there. Ships are built under a huge glass and iron shed, which allows work to be done in all sorts of weather.

## Good Health is Impossible When the Blood is Impure

You can't expect to feel well and strong, to have your natural appetite and cheerful disposition as long as your blood is impure. The poisons which it distributes throughout your body are weakening every organ and laying the foundation of disease.

Don't put off treatment until you are covered with pimples, tetter, eczema, boils or carbuncles; just that miserable weak, worn out feeling is enough for you to know that you need

## DR. THACHER'S LIVER AND BLOOD SYRUP

"The Road to Good Health"

to cleanse your system, tone up the liver, kidneys, stomach and bowels and keep your blood rich and pure. Besides Iodide of Potash and Sarsaparilla (specific remedies for scrofula, erysipelas and all blood disorders) it contains other ingredients which act as a general tonic. It replaces flabby muscles with good firm flesh, gives a color to the cheek, a sparkle to the eye and fortifies against disease.

What better evidence would you ask of the merit of a medicine than the endorsement which MR. J. L. DICKSON, Locust Grove, Ga., gives Liver and Blood Syrup in the following letter:

"I wish to testify to the merits of your Liver and Blood Syrup. My little boy, Hugh, had been afflicted with eczema or some trouble of the blood which caused him to have sores all over his body. I had five different doctors treat him, but to no avail. I was requested by a friend to try Dr. Thacher's Liver and Blood Syrup and one bottle cured him entirely. He has never been afflicted since."

Ask your dealer for it today. Dry form 25c. Liquid form 50c and \$1.00. Send two-cent stamp for sample bottle and write our consultation Department for free confidential advice.

## CUBS' FOOD.

## THEY THRIVE ON GRAPE NUTS

Healthy babies don't cry and the well nourished baby that is fed on Grape Nuts is never a crying baby. Many babies who cannot take any other food relish the perfect food Grape Nuts and get well.

"My little baby was given up by three doctors who said that the condensed milk on which I had fed it had ruined the child's stomach. One of the doctors told me that the only thing to do would be to try Grape Nuts, so I got some and prepared it as follows: I soaked 1 1/2 tablespoonfuls in one pint of cold water for half an hour then I strained off the liquid and mixed 12 teaspoonfuls of this strained Grape Nuts juice with six teaspoonful of rich milk, put in a pinch of salt and a little sugar, warmed it and gave it to baby every two hours.

"In this simple, easy way I saved baby's life and have built her up to a strong healthy child rosy and laughing. The food must certainly be perfect to have such a wonderful effect as this. I can truthfully say I think it is the best food in the world to raise delicate babies on and is also delicious healthful food for grown ups as we have discovered in our family." Name given by Postum Co., Battle Creek, Mich.

Grape Nuts is equally valuable to the strong healthy man or woman.

Grape Nuts food stands for the true theory of health.

## GOOD MOVE

The Roadway on the Levee Will Benefit Shippers,

Will Save Damage and the Loss of Much Time.

The matter of building a roadway down the levee for facilitating traffic is generally regarded as a good move. For many years merchants have complained of the heavy cost every year resulting from the wear and tear on wagons and teams, and the delay and loss of time in driving up and down the levee with loads of freight, and it has been doubly hard since the levee was improved several years ago by placing down hard rock.

It is proposed to build one diagonal road from Court street to the Tennessee wharf, a straight one in front of the stages and wharf boats, parallel with the river and another diagonal from the lower wharf to the boat store, in addition to roads up the hill at right angles to the first named. There roads could be built by removing the stones and should be about sixteen feet wide. There is a similar arrangement at Evansville and other river cities, and should one be built here, it would doubtless, from expressions heard, prove a great benefit to shippers and save much time.

Talk is often heard of building a freight elevator here, but river men say one would not only be very costly, but would be impracticable as well. If there were a bluff bank, an elevator might work well, but it is claimed that the frequent stages of the river would make one useless, and further that there are too many boats often unloading here at the same time for the successful operation of an elevator. The roadway will not cost much, and it is believed the city will build it at once.

## Mother's Friend

Those who do know about it wonder how they ever got along without it. It has robbed childbirth of its terrors for many a young wife. It has preserved her girlish figure and saved her much suffering. It is an external liniment and carries with it therefore, absolutely no danger of upsetting the system as drugs taken internally are apt to do. It is to be rubbed into the abdomen to soften and strengthen the muscles which are to bear the strain. This means much less pain. It also prevents morning sickness and all of the other discomforts of pregnancy. A druggist of Macon, Ga., says: "I have sold a large quantity of Mother's Friend and have never known an instance where it has failed to produce the good results claimed for it."

A prominent lady of Lamberton, Ark., writes: "With my first six children I was in labor from 24 to 30 hours. After using Mother's Friend, my seventh was born in 4 hours."

## Theatrical Notes.

The Georgia minstrels last night, as usual, drew a large house to the Kentucky theater, and a most satisfactory performance was given. S. H. Dudley, the comedian, kept the house in a roar constantly during his presence on the stage, and is undoubtedly one of the funniest comedians on the road. Clarence Powell was on hand again as comical looking as ever, but his jokes were rather stale. The vocal features were not up to the average, but of the vaudeville features Harry Kraton, the hoop roller, has perhaps the best. Among the entertainers was a clever magician, a ventriloquist and a laughable farce, "I'm Hungry." The final sketch, "Playin' Policy" featuring Dudley, was greatly enjoyed. Richards and Pringle no doubt have one of the best real negro shows in the country.

While Katie Emmett and "The Waits of New York" have not been seen here in a number of seasons still the bright little star has gone on from year to year throughout the country playing the character of the newsboy for which she is so well fitted, and the public never seems to tire of the play nor star which fact precludes this winsome artist from offering anything else. It is a play of the heart, of scheme, plot and villainy and yet life-like and devoid of the usual amount of fastidious found in plays of the sensational class. At The Kentucky Wednesday night.

Kilroy and Britton, surrounded by a carefully selected company of both dramatic and vaudeville talent, will make their first appearance here heading their own company on tonight in the new sensational comedy drama success, "An Aristocratic Tramp." This production is complete in every detail and is well worthy the immense patronage it is daily receiving in all sections of this country. At The Kentucky.

## ELOPED TO METROPOLIS.

MR. ARTHUR ADAY AND MISS ELLA BURGESS MARRY.

Mr. Arthur S. Aday, a popular young fireman, of the I. O. and Miss Ella Burchett, an attractive young lady of the south side, eloped to Metropolis this morning to be married, and will return on the afternoon trip of the steamer George H. Cowling to the groom's home to reside.

Mr. Aday is the son of W. J. Aday of 1015 Jones street, and his bride is the daughter of Mrs. Mat Burchett, of 11th and Jones streets, and has been employed at the Alden knitting mills. This morning when she pretended to start for work as usual but instead slipped away with a friend and met Mr. Aday in a cab and was driven to the Dick Fowler and left for Metropolis.

The ceremony was performed at 10 o'clock this morning at the State hotel by Justice Thomas Liggett. The couple were accompanied by Mr. and Mrs. Albert C. Mayer of this city. A reception will be given this evening at the groom's residence.

## NEWS OF THE RIVERS.

Observations taken at 7 a. m. River 6.4 on the gauge, a fall of .2 in the last 24 hours. Weather clear and warm.

S. A. Fowler, local observer.

The Dunbar is today's Evansville packet.

The Penguin is due out of Tennessee river.

The Victor left for Tennessee river today for ties.

The Pearce arrived and departed today for Golconda.

The Dick Fowler left on time this morning for Cairo.

The Savannah is due to St. Louis tomorrow from Tennessee river.

Capt. Ed. J. Howard has contracted to build a \$20,000 boat for the Evansville and Green River trade.

The Charleston got off ground yesterday and arrived here last night. She had been aground for several days.

The Joe Fowler arrived last night from Evansville and is laying up here.

The Clyde arrived last night and will return into Tennessee river tomorrow afternoon at 5 o'clock.

It is expected that business on the river will be unusually brisk when the rise causes a resumption of the fall trade. All the big towboats are in the Ohio, the Sprague being the only one below Cairo.

The boats running from Pittsburg to Morgantown and intermediate points are having a heavy freight in pipe. The larger of these pipes weigh 400 pounds each. Usually a pipe of this kind is carried by two men in taking it from the wharf to the boat. The men employed at this work are found loitering about the wharf, but they refuse to handle this heavy freight. By tens and twenties the men quit work rather than do this heavy work. This is putting the packing company into a predicament. The company has been thinking of discharging all the roustabouts and employing foreign labor. Then comes the suggestion that the foreigners, ignorant of the English language would be difficult to instruct in handling the freight. For that reason foreigners have not as yet been employed.

## CLOSE CALL

FULTON MINISTER ALMOST STRUCK BY FAST TRAIN.

Rev. J. A. Scarborough, a Baptist minister of Fulton and office editor of the Baptist Flag, printed there, came near being killed by a fast train on the Illinois Central yesterday afternoon. He is crippled, having been hurt in an accident at a mill some time since, and walks with crutches. He was on his way in back to take a train to Arlington yesterday when a train sailed around and struck the horses, throwing the disabled minister and his son out in the middle of the track. The son seized his father and got him off just as the train whizzed past. The minister escaped with a sprained ankle and arm and a few bruises.

## ALLEGED ROBBER.

MAYFIELD OFFICER MAKES AN ARREST IN PADUCAH.

The Mayfield Messenger says that Officer Finis Webb came to Paducah Sunday in search of two negroes supposed to have robbed J. H. Tackett, of Milburn, of \$3.65 on a freight train between Mayfield and Hickory Grove. He caught Jim Boyd here and took him to Mayfield, but Boyd denies that he had anything to do with the robbery, but has been identified. It seems the white man's train was late and he took a freight train. The negroes held him up at the point of a pistol.

# ALICE of OLD VINCENTNES

By MAURICE THOMPSON

Copyright, 1903, by the BOWEN-MERRILL COMPANY

After all it was but the gossip of savages that Dutremble communicated, still the purport was startling in the extreme. Governor Hamilton, so the story ran, had been organizing a large force. He was probably now on his way to the portage of the Wabash with a flotilla of batteaux, some companies of disciplined soldiers, artillery and a strong body of Indians.

Helm listened attentively to Dutremble's lively sketch, then crossed question him with laconic directness. "Send Mr. Jazon to me," he said to M. Roussillon, as if speaking to a servant.

The master Frenchman went promptly, recognizing Captain Helm's right to command, and sympathizing with his unpleasant military predicament if the news should prove true.

On the Jazon came in a minute, his fiddle and bow clamped under his arm, to receive a verbal commission, which sent him with some scouts of his own choosing forthwith to the Wabash portage, or far enough to ascertain what the English commander was doing.

After the conference Beverley made haste to join Alice, but he found that she had gone home.

"A fix we'll be in if Hamilton comes down here with a good force," said Helm. Beverley was young, energetic, bellicose, and to him everything seemed possible; he believed in vigilance, discipline, activity, dash; he had a great faith in the efficacy of enthusiasm.

"We must organize these Frenchmen," he said. "They will make good fighters if we can once get them to act as a body. There's no time to be lost, but we have time enough in which to do a great deal before Hamilton can arrive, if we go at it in earnest."

"Your theory is excellent, lieutenant, but the practice of it won't be worth much," Helm replied with perfect good nature. "I'd like to see you organize these parlyvoos. There ain't a dozen of 'em that wouldn't accept the English with open arms. I know 'em. They're good hearted, polite and all that; they'll hurray for the flag—that's easy enough—but put 'em to the test and they'll join in with the strongest side; see if they don't. Of course there are a few exceptions. There's Jazon, he's all right, and I have faith in Bosseron, and Legrace, and young Bonville."

"Roussillon!" Beverley began. "Is much of a blowhard," Helm interrupted, with a laugh. "Barks loud, but his biting disposition is probably not vicious."

"He and Father Beret control the whole population at all events," said Beverley.

"Yes, and such a population!" While joining in Captain Helm's laugh at the expense of Vincennes, Beverley took leave to indulge in a mental reservation in favor of Alice. His heart was full of her. She had surprised his nature and filled it as with a wonderful, haunting song. And yet, in his pride—and it was not a false pride, but rather a noble regard for his birthright—he vaguely realized how far she was from him, how impossible.

### CHAPTER VIII.

THE DILEMMA OF CAPTAIN HELM. ONCE JAZON, feeling like a fish returned to the water after a long and torturing captivity in the open air, plunged into the forest with anticipations of lively adventure and made his way toward the Wea plains. It was his purpose to get a boat at the village of Outatenon and pull thence up the Wabash until he could find out what the English were doing. He chose for his companions on this dangerous expedition two expert coureurs de bois, Dutremble and Jacques Bailoup. Fifty miles up the river they fell in with some friendly Indians, well known to them all, who were returning from the portage.

The savages informed them that there were no signs of an English advance in that quarter. Some of them had been as far as the St. Joseph river and to within a short distance of Detroit without seeing a white man or hearing of any suspicious movements on the part of Hamilton. So back came Once Jazon with his pleasing report, much disappointed that he had not been able to stir up some sort of trouble.

It was Helm's turn to laugh. "What did I tell you?" he cried, in a jolly mood, slapping Beverley on the shoulder. "I knew mighty well that it was all a big story with nothing in it. What on earth would the English be thinking about to march an army away off down here only to capture a rotten stockade and a lot of gabbling parlyvoos?"

Beverley, while he did not feel quite as confident as his chief, was not sorry that things looked a little brighter than he had feared they would turn out to be. Secretly and without acknowledging it to himself he was delighted with the life he was living.

He began to like walking about aimlessly in the town's narrow streets, with the mud daubed cabins on either hand. This simple life under low, thatched roofs had a charm. Everybody cried cheerily, "Bon jour, monsieur, comment allez-vous?" as he went

by, always accompanying the verbal salute with a graceful wave of the hand.

But it was always a glimpse of Alice that must count for everything in Beverley's reckonings, albeit he would have strenuously denied it. True he went to Roussillon place almost every day, it being a fixed part of his well ordered habit, and had a talk with her. Sometimes, when Dame Roussillon was very busy and so quite off her guard, they read together in a novel or in certain parts of the old volume of Montaigne. This was done more for the sweetness of disobedience than to enjoy the already familiar pages.

Now and again they repeated their fencing bout, but never with the result which followed the first. Beverley soon mastered Alice's tricks and showed her that, after all, masculine muscle is not to be discounted at its own game by even the most wonderful womanly strength and suppleness. She struggled bravely to hold her vantage ground once gained so easily, but the inevitable was not to be avoided. At last one howling winter day he disarmed her by the very trick that she had shown him. That ended the play, and they ran, shivering, into the house.

"Ah," she cried, "it isn't fair. You are so much bigger than I. You have so much longer arms, so much more weight and power. It all counts against me! You ought to be ashamed of your self!" She was rosy with the exhilarating exercise and the biting of the frosty breeze. Her beauty gave forth a new ray.

Deep in her heart she was pleased to have him master her so superbly; but as the days passed she never said so, never gave over trying to make him feel the touch of her foil. She did not know that her eyes were getting through his guard, that her dimples were stabbing his heart to its middle.

"You have other advantages," he replied, "which far overbalance my greater stature and stronger muscles." Then after a pause he added, "After all a girl must be a girl."

Something in his face, something in her heart, startled her so that she made a quick little move like that of a restless bird.

"You are beautiful, and that makes my eyes and my hand uncertain," he went on. "Were I fencing with a man there would be no glamour."

He spoke in English, which he did not often do in conversation with her. It was a sign that he was somewhat wrought upon. She followed his rapid words with difficulty, but she caught from them a new note of feeling. He saw a little pale flare across her face and thought she was angry.

"You should not use your dimples to distract my vision," he quickly added, with a light laugh. "It would be no worse for me to throw my hat in your face."

His attempt at levity was obviously weak. She looked straight into his eyes with the steady gaze of a simple, earnest nature shocked by a current quite strange to it. She did not understand him, and she did. Her fine intuition gathered swiftly together a hundred shreds of impression received from him during their recent growing intimacy. He was a patrician, as she vaguely made him out, a man of wealth, whose family was great. He belonged among people of gentle birth and high attainments. She magnified him so that he was diffused in her imagination, as difficult to comprehend as a mist in the morning air—and as beautiful.

"You make fun of me," she said very deliberately, letting her eyes droop. Then she looked up again suddenly and continued, with a certain naive expression of disappointment gathering in her face: "I have been too free with you. Father Beret told me not to forget my dignity when in your company. He told me you might misunderstand me. I don't care. I shall not fence with you again." She laughed, but there was no joyous freedom in the sound.

"Why, Alice—my dear Miss Roussillon, you do me a wrong. I beg a thousand pardons if I've hurt you," he cried, stepping nearer to her, "and I can never forgive myself. You have somehow misunderstood me, I know you have!"

On his part it was exaggerating a mere contact of mutual feelings into a dangerous collision. He was as much self-deceived as was she, and he made more noise about it.

"It is you who have misunderstood me," she replied, smiling brightly now, but with just a faint, pitiful touch of regret or self-blame lingering in her voice. "Father Beret said you would. I did not believe him, but—"

"And you shall not believe him," said Beverley. "I have not misunderstood you. There has been nothing. You have treated me kindly and with beautiful friendliness. You have not done or said a thing that Father Beret or anybody else could criticize, and if I have said or done the least thing to trouble you I repudiate it—I did not mean it. Now you believe me, don't you, Miss Roussillon?"

## French Lick and West Baden Springs

In the highlands of Indiana—a two hour ride from Louisville there flow wonderful healing waters, that you'd spend hundreds of dollars to enjoy if they were in Europe.

A recent visitor from Philadelphia, who formerly went to Carlsbad every year, said: "I do not see why anyone goes to Europe for medicinal waters. The water is as beneficial, and the scenery and surrounding country, the air and the opportunities for recreation are better; the hotels and all accommodations are much finer at French Lick-West Baden Springs"—and this gentleman is a native of Switzerland.

The splendidly wooded hills with the cool, invigorating air of these highlands where one can enjoy rambles in the depths of the forest, or rides and drives among the numerous bridle paths and roadways, afford pleasure for those who desire rest and quiet; while at the splendid and casinos one can have all the entertainment and pleasures possible at the most fashionable resorts.

## CONNOR GETS TWO

Will Connor Adjudged Guilty of Housebreaking.

The Morrison-Poore Case Called in Police Court Today and Continued.

### NEWS FROM OTHER COURTS

#### CIRCUIT COURT.

Two prisoners, one white and one colored, were convicted in circuit court today. Will Connor, white, got two years for housebreaking and Will Lewis, colored, five years for cow stealing.

The following indictments were returned by the grand jury today: Ernest Ozment for selling a watch to George Wade for two dollars, the property belonging to another; Earl French and Jerry Wall for striking Calvin Carey with intent to kill; Laura Smith and Ida Moss for cutting Mattie Springer; Bud Nance for shooting Tom Ryman, Jr.

The minutes in the cases against Tandy Reeves for obtaining money by false pretenses and William and John Hutchinson for grand larceny, were returned marked "dismissed."

It is understood that there were several other indictments returned but these will not be given out.

J. W. Kinder was appointed a committee for Kessie and Gertie Kinder.

Frank Wall, colored, was acquitted for false swearing.

Will Lewis was given five years in the penitentiary for obtaining money by false pretenses. He was charged with having stolen a cow from a farmer in the county and sold it to Mr. Fletcher Terrell. Lewis is the same negro who had been operating in southern Kentucky and Tennessee and several cases could have been made out against him for cow stealing, horse stealing and obtaining money by false pretenses, it is said.

Joe Simms is on trial at press time for malicious shooting.

Will Connor, white, was found guilty of house breaking and given two years in the penitentiary. He was alleged to have broken into the house of Freddie Yopp and stolen two shirts and a hat.

The bail in the case of Ed Walbert, for malicious shooting, was reduced to \$200.

#### POLICE COURT.

The case against Ernest Morrison for maliciously cutting Dick Poore, and the one against Poore for attempting to rob Morrison, were called in Judge Sander's court this morning and continued until next Monday, on account of Poore's condition. Morrison stated to a reporter in regard to Poore's trying to play a joke on him, that he didn't know anything about that, but that he was not acquainted with Poore, and there was no reason he should have become so familiar on short notice. He says if Frank Slaughter was anywhere near, he failed to see him.

Will Hall and Hanson Barnes were fined \$1 and costs each for drunkenness.

The breach of the peace cases against Frank Augustus and Pearl Wilson were continued until tomorrow.

A case against Harrison Chambers, a colored driver for the Palmer Transfer company, for fast driving, was continued.

The case against Lillie Gray, colored, charged with maliciously cutting Myrtle Small, was heard and she was held for grand jury action. The Small woman has disappeared but there were enough other witnesses to establish a case.

#### SUES FOR \$5,000 DAMAGES.

Louis Newhouse, of Chicago, the drummer who sells Mystic Fire Extinguishers, has filed a suit against the Palmer Transfer company, of this city for \$5,000 damages sustained in a run-away June 30th, near 8th and Boyd streets. He was riding in one of the Palmer carriages when the horse became frightened and ran away, turning the buggy over on the drummer, breaking a leg and doing other personal damage. He was laid up for some time by the accident and just a few days ago became able to go out on the street.

#### JUSTICE YOUNG'S COURT.

Oscar Hurt, of the South Side, was arrested this morning by Constable Alex Patton on a charge of disturbing a lawful picnic a short time ago somewhere near Tyler. He was also charged with a breach of the peace and

## HAYES' BEECHWOOD EMULSO-HYPO WITH IRON

Makes Fat, Strength, Blood, Bone and Muscle

If you are tired, broken down, despondent, worn out, pale, losing flesh, have no energy, don't feel like arising in the morning for the day's work, you should take a bottle of this wonderful medicine.

BOGOTA, Miss., March 19, 1903.  
Gentlemen: It affords me no little pleasure to testify to the wonderful properties of Hayes' Beechwood Emulso-Hypo with Iron as it saved my life when the physicians said that I could not get well after taking six or eight bottles of weightless cod-liver oil. That has been ten years and I am now living in fine health. Wishing you success in its sale, I am yours truly, FRED S. DAWSON.

ARLINGTON, Ky., March 18, 1902.  
Gentlemen: Having used Hayes' Beechwood Emulso-Hypo with Iron I cannot commend too highly to others as a tonic flesh builder and to give strength, blood and muscle. It is superior to any preparation of which I have any knowledge. I take pleasure in recommending it. Yours truly, R. W. NEWSON.  
Pastor M. E. Church, South.

Read what the editor of the Southerner, Okolona, Miss., says:  
Shoffner-Hayes Medicine Co., Paducah, Ky. In 1901 my mother commenced taking Hayes' Beechwood Emulso-Hypo with Iron, when the doctors said her lungs were so badly involved that she would not likely survive but a few weeks. It improved her so rapidly that she was soon of good health for one of her years. I wish you the success you deserve with your Beechwood Emulso-Hypo. Yours truly, AARON G. DAVIS.

Suffered six years with a cough that threatened Consumption. Entirely cured by Beechwood Emulso-Hypo: MAYFIELD, Ky., May 20, 1903.

Shoffner-Hayes Medicine Co., Paducah, Ky. Dear Sirs: I suffered for 6 years with a cough that threatened Consumption. This spring I took six bottles of Hayes' Beechwood Emulso-Hypo and it cured my cough, and I think I am entirely well. Yours truly, MRS. W. H. STEWART.

## There is Land Still Left in the Northwest

And the Northern Pacific has a new and very Low Rate for Colonists and Homeseekers in effect from September 15 to November 30, 1903.

This gives farmers a good chance to go homeseeking, after crops are harvested, or any others who wish to move into the growing, teeming, improving Northwest, to visit it at trifling expense.

The finest valleys in the Northwest, good for grain, hay, fruits, root crops, for mixed stock or dairy farming, for irrigation or not, as one wishes, are found along the Northern Pacific or its branch or connecting lines. The growing, thriving towns are found there, too. It is a great country.

Call on any N. P. R. agent for rates and detailed information or write to Chas. S. Fee, General Passenger Agent, St. Paul, Minn.
